PROFESSIONAL EXPERIENCE

Chairman of the Board and Treasurer: Clean Energy Solutions, Inc. (2003 – Present)

Mr. Dayton founded Clean Energy Solutions, Inc. in 2000 to advise municipalities, utilities, government agencies, housing organizations and financial organizations on energy efficiency program design and its integration with renewable technologies.

Founder and President: Select Energy Services, Inc. Natick, MA (1982 – 2002)

In 1982 Mr. Dayton founded Select Energy Services, Inc. (SESI; formerly HEC Inc.) and served as chairman until its acquisition by Northeast Utilities in 1990. As Founder and Director from 1990 until his retirement in 2002, Dave led the company's acquisition program and its development of new energy services in new markets. SESI recommended and installed (and often financed) over a billion dollars worth of energy-efficiency improvements in some of the country's leading institutional, government, and commercial facilities.

Co-Founder, President, Board Member: Energia Global International Ltd.

Mr. Dayton served as President of Energia Global International Ltd., for two years and on its Board for ten years, leading up to its acquisition by ENEL, the world's largest publicly-traded electric utility. EGI is a leading developer of environmentally-prudent renewable energy projects in Latin America.

Founder, President: Technical Development Corporation; Boston, MA

Co-Founder & Technical Director: Technical Communications Corp.; Lexington, MA
Corporate Staff; Laboratory Section Leader: Raytheon Corporation

Mr. Dayton has spoken and published widely on energy efficiency, and is considered by many to be a leader in the evolution of the energy services industry. He served two years as President of the National Association of Energy Service Companies and on the Executive committee of the International Performance Measurement and Verification Protocol. He has been chairman of many public service, criminal justice, and health care organizations.
